

## **JP-704RGBFL** **RGB BACKLIT FOG LIGHTS**

 **SALES** 386-257-2956

### PRODUCT OVERVIEW

These 4-inch halo fog lights match Metra's existing JP-704RGB headlights to complete the stylish backlit RGB look. The polycarbonate lens cover is virtually unbreakable and the lights will fit Jeep Wrangler JK, JL, and Gladiator models. Choose from 16 million different color combinations using the Metra RGB smartphone app\*, which will sync with the JP-704RGB headlights. The fog lights are plug-n-play with the RGB-CB1 controller (sold separately), which is required for operation. Additional fog light mount brackets may be required for your installation, see the JP-JFOG or JP-JFOG2 for details.
