

DUAL CHANNEL TRAILER CABLE

TE-TCEX-1 DUAL CHANNEL TRAILER CABLE

 SALES 386-257-2956

PRODUCT OVERVIEW

New from iBEAM, a universal trailer camera cable kit. Perfect for drivers that normally tow a trailer and want to add extra safety features. The TE-TCEX-1 gives the user the ability to add on two cameras for added visibility to the sides, back, front, or even inside the trailer. One camera connection even allows a provision for audio feed with a compatible camera. The thread-sealed water resistant connectors provide a safe and secure connection at the trailer hitch in all types of weather. Pair this universal trailer camera cable with any of our iBEAM commercial monitors and cameras.

- 2 camera connection - 1 audio and video 1 video only
- 32 foot extension to monitor
- 4-pin din connections for camera
- 6.5' trailer coil
- 1.5' dual camera cable
